

Field Friday

Check field for glass, litter or other hazards and remove. If the hazard cannot be removed set the boundary appropriately

Staffing

- At least two staff to be on the field at all times
- If staff need to go inside they must let other staff know

Work with children throughout each session to reinforce understanding of the boundary and general safety rules

Take care when packing away equipment, clear field to gate, remove boundary and lock gate with all children safely in the garden, pack away from the garden to the shed

Ensure that the following items are in the shed during each field session – phone, register, whistle, first aid box
