

Thornbury Carnival Parade

Saturday 2nd July

St Helen's Preschool are pleased to announce that we will be taking part in the Thornbury Carnival Parade again this summer.

The route starts at the Castle school, leads up Castle Street, then onto the High Street and finishes at the top of the High Street (next to the Blend cafe). Last year it took about 45 mins to complete.

We have a nautical theme and a large inflatable boat being pulled on a trailer. The children can either sit in the boat or walk behind it for the duration of the parade.

Please bring a drink, snack and sun protection (if we are lucky with the weather).

Safety is paramount, so every child must be accompanied by an adult to take part.

Please complete the disclaimer form below to indicate if your child will be taking part in the parade and if they would like to be in the boat. Your signature and date will confirm your acknowledgement of responsibility on the day. Please return form to Preschool by 10th June.

Yes I would like my child to take part in the parade

I understand that the organisers will do their utmost to ensure the safety and security of all children and parents at all times during the event. I agree to comply with any reasonable request given by the organisers regarding Health & Safety over the event. I understand that all activities carried out during this event are carried out at my own risk and accept all responsibility

I understand that during the parade I must take full responsibility for this child's safety, keeping him/her away from close proximity of the vehicles when moving.

Name of child/children who will be in the parade: _____

Name of parent/carer who will accompany the child: _____

Signed: _____ Date: _____

We also need to know how many children are likely to be in the boat. Please indicate below if the child named above, would like to be able to sit in the boat, if they choose to, on the day.

If a child wishes to get off the boat during the parade, I understand that I must inform the adult on the boat and wait for the vehicle to stop before lifting them down.
